FIFE PUBLIC SCHOOLS DISTRICT OFFICE

Building Our Future Together

Mary Beth Tack Kelso School District, Superintendent

"This dedicated and highly skilled team delivered above and beyond in all aspects of our construction projects."

Peryll and her team are highly responsive to our district needs and keeping us within FF&E budget. With their expert guidance and project management we are able to upgrade the educational environment and experience for each and every student.

Every step of the way involved collaboration and teamwork which produced the very best for our Kelso students and community. CSG comes with our highest recommendation."

CSG FFE TEAM

Peryll Gray-Ayersman
NCIDQ
FFE Project Manager
peryll.gray-ayersman@esd112.org

Jennifer Halleck
Assoc. DBIA
Associate Director

Kari Harris Fife Public Schools
Assistant Superintendent, Business Services

"We began this process with multiple building and infrastructure needs across our district. Many of these projects were taking place at the same time with each one facing unique challenges. Coordination and clear communication was essential among CSG, our various contractors, architects, and district staff including our board."

With Jennifer at the helm of this important work, it didn't take long for us to realize how essential she was to the success of this bond."
